EPG SECONDARY SCHOOL · MATHEMATICS

Year 8 Maths Revision Guide: End of Term 1

Units 1–4 | 1 hour · 50 marks · NON-calculator | Assessment window: 29 Nov – 14 Dec 2026

What the exam covers

The exam covers **Units 1 to 4**. Page numbers refer to your textbook, **Maths Progress International Year 8 Student Book (Pearson)**.

Equipment: Black or blue pen, pencil, ruler, eraser. You must NOT use a calculator.

Lesson	Topic	Textbook pages	PowerPoint lesson
Unit 1: Number			
1.1	Calculating with negative integers	pp. 1–3	1.1 Calculating with Negative Integers
1.2	Prime factor decomposition (HCF and LCM)	pp. 4–6	1.2 Prime Factor Decomposition
1.3	Using indices	pp. 7–8	1.3 Using Indices
1.4	Priority of operations	pp. 9–10	1.4 Priority of Operations
	Unit 1 review: Check up to Unit test	*pp. 11–22*	
Unit 2: Equations and formulae			
2.1	Solving one-step equations	pp. 23–25	2.1 Solving One-Step Equations
2.2	Solving two-step equations	pp. 26–28	2.2 Solving Two-Step Equations
2.3	More complex equations (unknowns on both sides, brackets)	pp. 29–30	2.3 More Complex Equations
2.4	Working with formulae (substitute and rearrange)	pp. 31–32	2.4 Working with Formulae
	Unit 2 review: Check up to Unit test	*pp. 33–44*	
Unit 3: Working with powers			
3.1	Simplifying expressions (collecting like terms)	pp. 45–46	3.1 Simplifying Expressions
3.2	More simplifying (index laws)	pp. 47–48	3.2 More Simplifying
3.3	Factorising expressions	pp. 49–50	3.3 Factorising Expressions
3.4	Expanding and factorising expressions	pp. 51–53	3.4 Expanding and Factorising Expressions
3.5	Substituting and solving	pp. 54–56	3.5 Substituting and Solving
	Unit 3 review: Check up to Unit test	*pp. 57–68*	
Unit 4: 2D shapes and 3D solids			
4.1	Area of triangles, parallelograms and trapezia	pp. 69–71	4.1 Area of Triangles, Parallelograms and Trapezia
4.2	Area of compound shapes	pp. 72–74	4.2 Area of Compound Shapes
4.3	Properties of 3D solids	pp. 75–77	4.3 Properties of 3D Solids
4.4	Surface area	pp. 78–80	4.4 Surface Area
4.5	Volume	pp. 81–83	4.5 Volume
4.6	STEM: Measures of area and volume (unit conversions)	pp. 84–85	4.6 STEM Measures of Area and Volume
4.7	Plans and elevations	pp. 86–88	4.7 Plans and Elevations
4.8	Solving problems with 3D solids and measures	pp. 89–91	4.8 Solving Problems with 3D Solids and Measures
	Unit 4 review: Check up to Unit test	*pp. 92–103*
